

REASONS FOR BOOKING WITH US

Competitive Pricing

The maximum number of pupils on any of our courses is four, and for some courses this is reduced to three. This ensures the maximum one-to-one tuition to ensure you get maximum benefit from your course.

Comparing these ratios to other providers, our course fees are very competitive.

No mixed classes

Unlike other schools, we do not mix different levels of pupils together.

If you are doing a beginners or Day Skipper course, the other participants on the course are the same level as you, as we consider this the best teaching option.

Considering you will be mixing with people of your own ability, our course fees are very competitive.

Luxurious, Comfortable Training Yachts

Our training yachts are a Hallberg-Rassy 34, and a Malo 36, both of which are world renowned for comfort and safety. They are maintained to a very high standard, and are equipped with the best navigation and safety equipment.

Considering the quality of these yachts, our course fees are very competitive.

Department of Transport P6 Licence

We are the only operator between Carlingford and Kilmore Quay operating a Sail Training yacht with a full P6 Passenger Boat Licence, issued by the Irish Authorities.

This permits us to operate legally up to 30 miles offshore, all around the coast of Ireland.

In addition, we carry full commercial insurance, endorsed for Sail Training in Irish waters.

We provide copies of these documents to each course participant - ask our competition for theirs!

Considering we are fully certified in all respects for Sail Training, our course fees are very competitive.

No Extra Charge for Weekends!

As we are conscious that holiday leave is precious, a lot of our courses run over weekends, allowing you to minimize days off from work - and we don't charge extra for this!

We do however, recommend booking early, as weekend courses book up early!

Considering we charge the same for weekends, our course fees are very competitive.

Relaxed Atmosphere!

We are not a 'pack them in, pile them high' operation.

We are a small family-run operation and we specialize in providing high-quality tuition in a relaxed atmosphere to small groups of people. The food is good, the boats are luxurious and comfortable, and our aim is to provide a good experience to everyone who sails with us.

Considering the quality of our offering, our course fees are very competitive.

We are passionate about our sailing - please let us pass this passion on to you!
